1. Introduction

The **Transportation Hub System (THS)** - is a web-based system that aims to help employees to have a convenient way of requesting reservations to utilize company shuttle from Makati HO going to Calaca or Vice versa and company service vehicle to specific drop points.

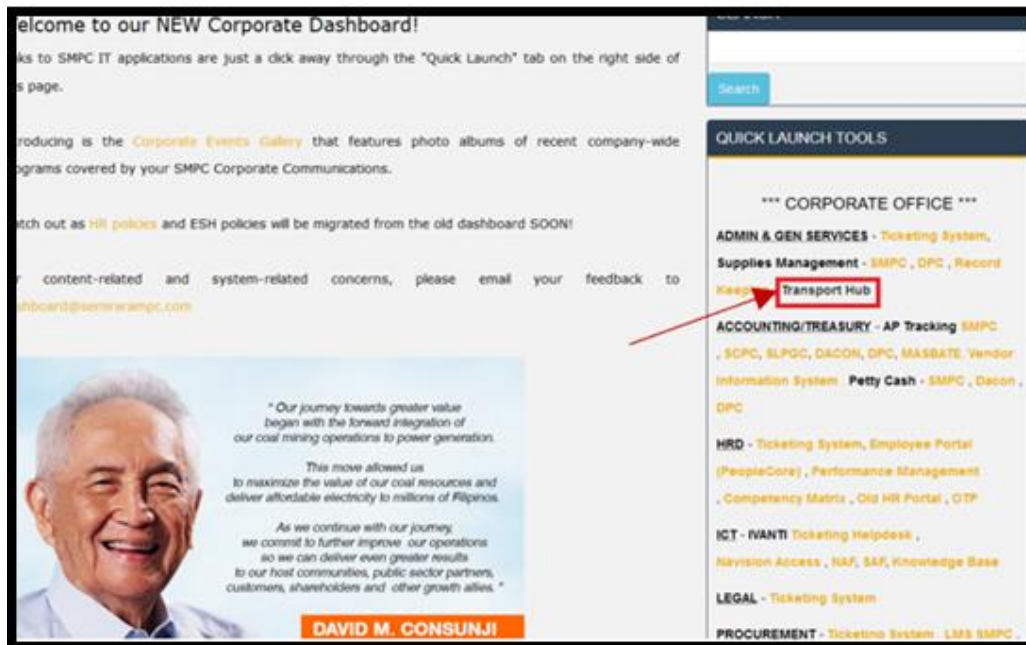

1.1 User Access Definitions

- i. Requestor- User who requests reservation to utilize company shuttle or vehicle.
- ii. Immediate Supervisor – User who approves request to utilize company shuttle or vehicle.
- iii. AGS Personnel – Users who facilitates the assignment and dispatching of requestors to their corresponding shuttle/ vehicles and drivers.

2. How to access Transportation Hub System

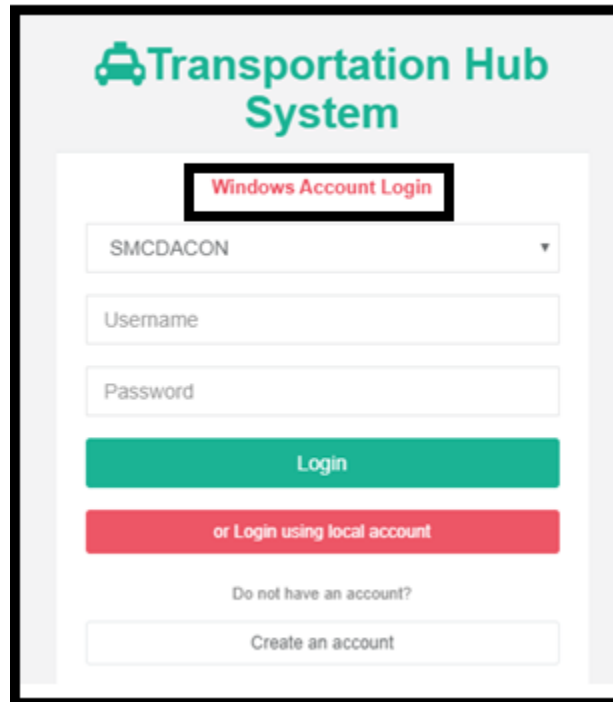

The system is accessible thru the Corporate Dashboard or with this link:

<http://aluminum/TransportHub>

3. How to Log-in

3.1 **For registered users** with issued PC, fill-up username and password with the credentials in logging in your desktop, your Active Directory (AD), on the **Windows Account Login**.

The screenshot shows the 'Transportation Hub System' login page. At the top, there is a green car icon followed by the text 'Transportation Hub System'. Below this, a red box highlights the 'Windows Account Login' section. Inside this section, there is a dropdown menu currently showing 'SMCDACON'. Below the dropdown are two input fields labeled 'Username' and 'Password'. A green 'Login' button is positioned below the password field. Underneath the 'Login' button is a red button that says 'or Login using local account'. At the bottom of the login section, there is a link that says 'Do not have an account?' and a button labeled 'Create an account'.

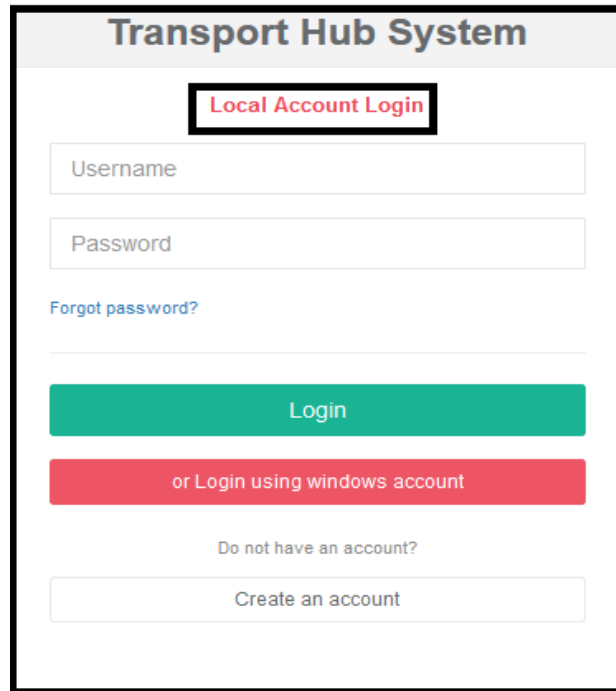

3.1.1 Select Domain

3.1.2 SMCDACON – for Makati users

3.1.3 SEMCALACA- for CALACA users

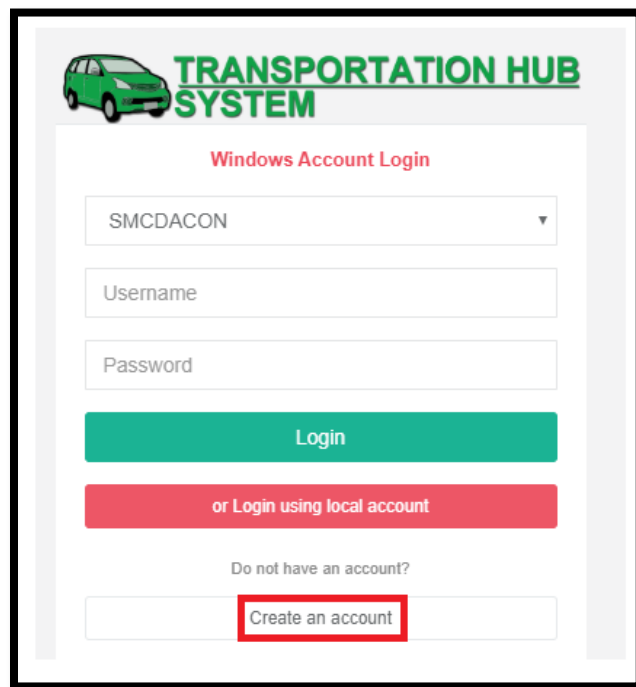

3.1.4 SEMIRARA- for Mine site users

3.2 For registered users that have **NO AD** -employees without issued PC. Select Log-in using **Local Account Login** then input your ID number and your registered password.

The screenshot shows the 'Transport Hub System' login interface. At the top, the title 'Transport Hub System' is displayed. Below it, the 'Local Account Login' option is highlighted with a red box. The form includes input fields for 'Username' and 'Password', a link for 'Forgot password?', a green 'Login' button, a red button labeled 'or Login using windows account', a link 'Do not have an account?', and a 'Create an account' button.

3.3 For First time users, select create account and fill-up registration form.

The screenshot shows the 'TRANSPORTATION HUB SYSTEM' login interface. At the top, there is a green car icon and the title 'TRANSPORTATION HUB SYSTEM'. Below it, the 'Windows Account Login' option is highlighted with a red box. The form includes a dropdown menu with 'SMCDACON' selected, input fields for 'Username' and 'Password', a green 'Login' button, a red button labeled 'or Login using local account', a link 'Do not have an account?', and a 'Create an account' button which is highlighted with a red box.

3.3.1 For users that have **NO** Active Directory (AD), Input Employee number, desired password. Then click next to proceed.

4.5 Administration – Module wherein the trips are created and dispatched. Only the Administrator have the access on this module.

4.6 Manage Profile – Module that allows users to edit their personal information such as, Company Email, Alternate Email, Mobile Number and Local Number.

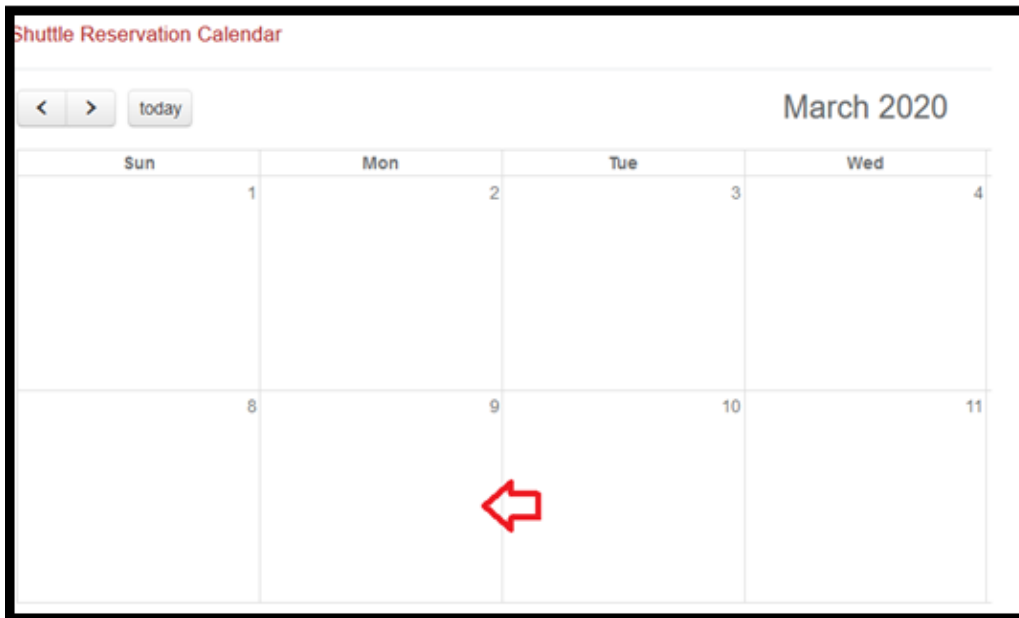

5. How to create Shuttle reservation

5.1 From Home page click reservation then select Calaca Shuttle Service.

Home>Reservation>Calaca Shuttle service

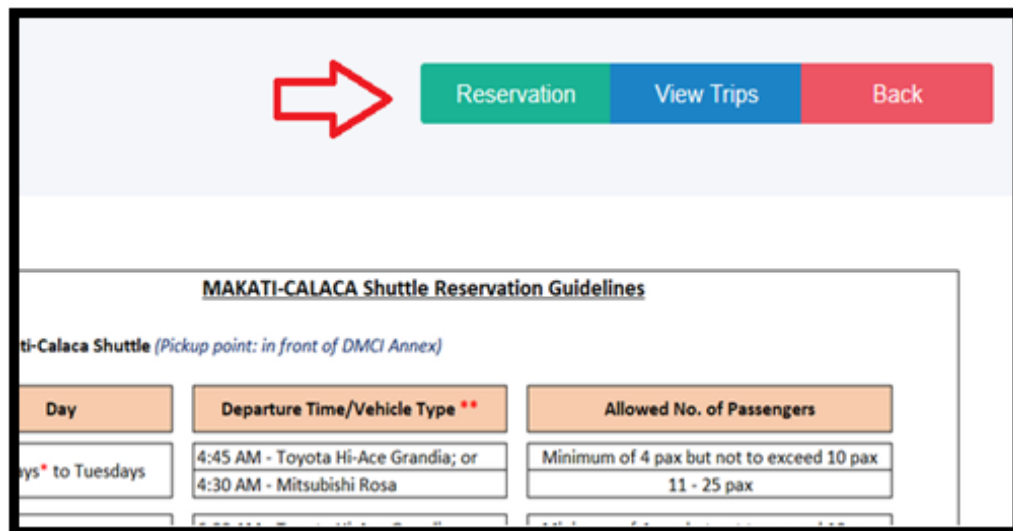

5.1.1 A shuttle reservation calendar will prompt, then select desired date of reservation.

The image shows a 'Shuttle Reservation Calendar' for March 2020. At the top, there are navigation buttons: a left arrow, a right arrow, and a 'today' button. The calendar grid shows the first two rows of dates. The first row contains Sun 1, Mon 2, Tue 3, and Wed 4. The second row contains 8, 9, 10, and 11. A red arrow points to the date '9' (Monday).

Sun	Mon	Tue	Wed
1	2	3	4
8	9	10	11

5.1.2 Select reservation on the Shuttle Service Schedule.

The image shows a section of the Shuttle Service Schedule. At the top, there are three buttons: 'Reservation' (green), 'View Trips' (blue), and 'Back' (red). A red arrow points to the 'Reservation' button. Below the buttons is a section titled 'MAKATI-CALACA Shuttle Reservation Guidelines'. Under this title, it says 'ti-Calaca Shuttle (Pickup point: in front of DMCI Annex)'. Below this is a table with three columns: 'Day', 'Departure Time/Vehicle Type **', and 'Allowed No. of Passengers'.

Day	Departure Time/Vehicle Type **	Allowed No. of Passengers
Days* to Tuesdays	4:45 AM - Toyota Hi-Ace Grandia; or 4:30 AM - Mitsubishi Rosa	Minimum of 4 pax but not to exceed 10 pax 11 - 25 pax

5.1.3 Fill- up necessary information on the shuttle service form, for faster transaction, you can fill up the **Last name** or **Employee number** field then click the search button, it will automatically furnish all the necessary fields. Lastly, furnish **Remarks** and **Purpose** field.

The screenshot shows a web form titled "Charging" and "Passenger Entry". It contains several input fields and buttons. A red rectangle highlights the "Employee" section, which includes a text field for "Employee" (containing "0670606"), a "Clear" button, and a "Search" button. Another red rectangle highlights the "Last Name" field (containing "De Lara"), with a green circle containing the number "1" next to it. A third red rectangle highlights the "Purpose" field (containing "Business Analyst"), with a green circle containing the number "2" next to it. A fourth red rectangle highlights the "Remarks" field (containing "Business Analyst"), with a green circle containing the number "3" next to it.

Charging

Charging Company: Senirara Mining and Power Corporation

Charging Department: ICT

Passenger Entry

Passenger Type: Employee

Employee: 0670606 [Clear] [Search]

Company: Senirara Mining and Power Corporation

Other Company:

First Name: Rod Joseph

Last Name: De Lara 1 [Clear] [Search]

Position: Business Analyst

Purpose: Business Analyst 2

Remarks: Business Analyst 3

5.1.3.1 For Non- Employee, Select Non- employee on the drop-down menu on the passenger type field, then fill up the required fields: **Other Company, First Name, Middle Name, Last Name, Nationality, Contact number, Position, Purpose and Remarks.**

The screenshot shows a form for entering passenger information. It includes a 'Passenger Type' dropdown menu (1) set to 'Non-Employee'. Below it is an 'EmployeeNo' field with 'Clear' and 'Search' buttons. The 'Other Company' field is marked with a green circle 2. The 'First Name' (3), 'Middle Name' (4), and 'Last Name' (5) fields are grouped together with a green circle 6. Below these are 'Nationality' (7) and 'Gender' (8) dropdowns. The 'Contact No' (9), 'Position', 'Purpose', and 'Remarks' fields are grouped together with a green circle 10. The 'Clear' and 'Search' buttons are also visible.

5.1.4 Select Trip type if it is **Round Trip, Makati HO- Calaca or Calaca – Makati HO.**

The screenshot shows a form for entering trip information. It includes a 'Service Date' field set to '03/09/2020'. The 'Trip Type' dropdown menu (1) is highlighted with a red box and set to 'Round Trip'. Below it is a 'Call Time' field with a red note: 'Varies on the day and vehicle to be used. Please refer to the guidelines.' The 'Lodging From' section includes a table with columns for 'Breakfast', 'AM Snack', 'Lunch', 'PM Snack', and 'Dinner'. The 'Breakfast', 'AM Snack', and 'Lunch' columns have green checkmarks, while 'PM Snack' and 'Dinner' have empty checkboxes.

Breakfast	AM Snack	Lunch	PM Snack	Dinner
☒	☒	☒	☐	☐

5.1.4.1 If the User selects **Makati Ho- Calaca**, the user must indicate the number of days he/ or she will be staying.

The screenshot shows a service booking form. At the top, there is a 'Service Date' field with the value '03/09/2020'. Below it is a 'Trip Type' dropdown menu with 'Makati HO - Calaca' selected. Under 'Trip Type', there is a red text instruction: 'Varies on the day and vehicle to be used. Please refer to the guidelines.' Below this is a 'Lodging From' field with '03/09/2020' and a 'To' field with '03/09/2020'. This entire section is enclosed in a red rectangular box. At the bottom, there is a table with five columns: 'Breakfast', 'AM Snack', 'Lunch', 'PM Snack', and 'Dinner'. Each column has a green checkmark icon in the row below it.

Breakfast	AM Snack	Lunch	PM Snack	Dinner
✓	✓	✓	✓	✓

5.1.5 Click add to list button.

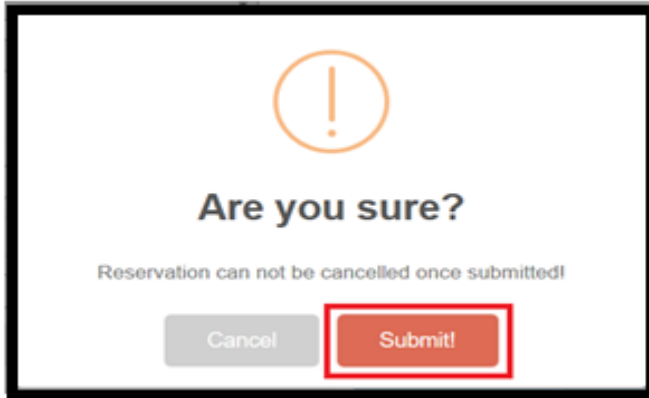

The screenshot shows a green button labeled 'Add to list'. A red arrow points to the button. Below the button, there is a horizontal list of items: 'PM Snacks', 'Dinner', 'Lodging From', and 'Lodging To'.

5.1.6 For multiple passenger request, repeat step 5.1.3 to 5.1.4

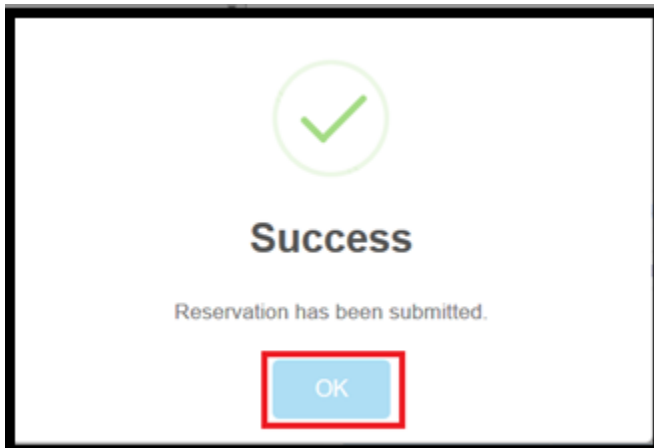

5.1.7 Click the Submit button.

The screenshot shows two buttons: a green 'Submit' button and a red 'Back' button. A red arrow points to the 'Submit' button.

5.1. The system will verify user if all the passengers are already booked for reservation. After submitting, the system will automatically send SMS and email to the requestors immediate supervisor for approval.

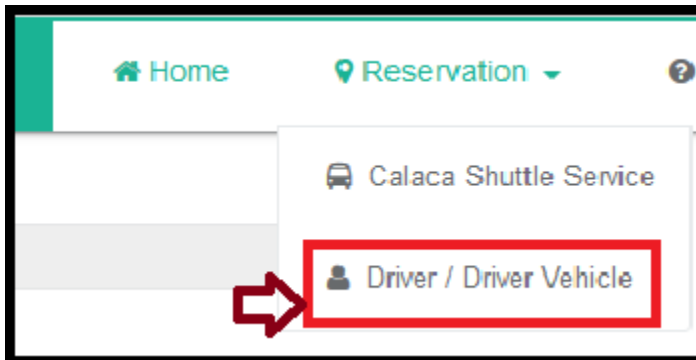

5.1.9 Click Ok button to end reservation process, pending approval.

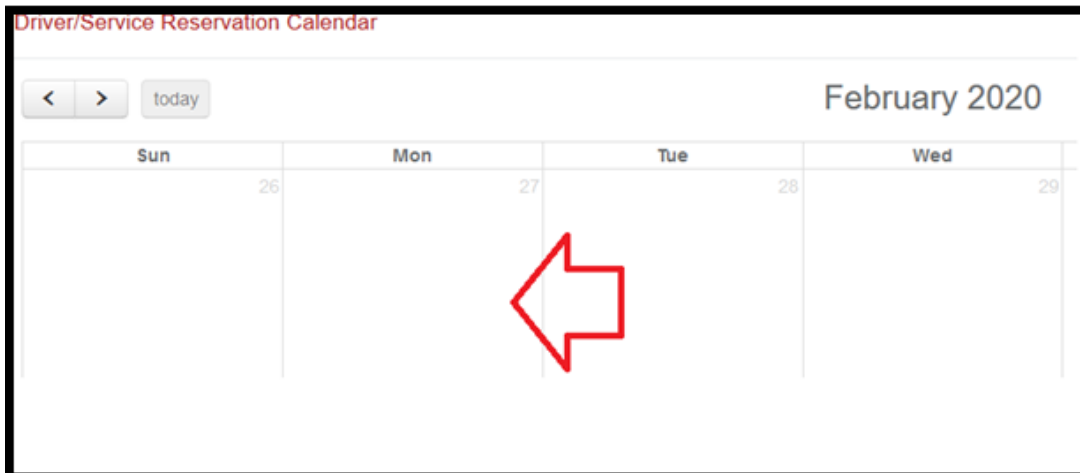

6. How to create vehicle reservation

6.1 From Home page click reservation then select Driver / Driver vehicle.

Home> Reservation> Driver / Driver Vehicle

6.1.1 A Driver / Service reservation calendar will prompt, then select desired date of reservation.

6.1.2 Click Reservation on the Driver / Vehicle Schedule page.

6.1.3 Fill- up necessary Trip details: **Origin, Destination, Time, Service type** and instruction.

The 'Destination' form contains the following fields and callouts:

- 1: Origin text input field
- 2: Destination text input field
- 3: Trip Time From text input field (value: 00:00)
- 4: Trip Time To text input field (value: 00:00)
- 5: Service Type dropdown menu (value: --Please Select--)
- 6: Instructions text input field

Other fields include Schedule Date (03/03/2020) and a Destination header.

6.1.3.1 Fill- up necessary information on the Driver / vehicle service form, for faster transaction you can fill up **Last name** or **Employee number** field and then click the search button, it will automatically furnish all the necessary fields.

The 'Passenger Entry' form contains the following fields and callouts:

- 1: Passenger Type dropdown menu (value: Employee)
- 2: EmployeeNo text input field (highlighted with a red box)
- 3: Company dropdown menu (value: Please Select)
- 4: First Name text input field
- 5: Last Name text input field (highlighted with a red box)
- 6: Position text input field

Other fields include Middle Name, Other Company, and Clear/Search buttons next to the EmployeeNo and Last Name fields.

6.1.3.2 For Non- Employee, Select Non- employee on the drop down menu on the passenger type field, then fill up the required fields: **Other Company, First Name, Middle Name, Last Name, Nationality, Contact number and Position.**

The image shows a 'Passenger Entry' form with the following fields and callouts:

- 1: Passenger Type dropdown menu (set to Non-Employee)
